Praise Report

We'd been tightly scheduled during the past 2 weeks doing various types of ministries apart from Church services such as

- *Street preaching/Evangelism*
- *Hospital visit*
- *House visits/Cottage Prayer Meetings*
- *2 days - Youth Seminar*
- *Community clean-up*

I praise God for bringing the team from YWAM England at the right time as I was looking for volunteers/church-workers to help us in reaching out to people different parts of Ambattur. I believe that we'll be able to cover all the 7 places in Ambattur that we've been praying for. We have so far completed 2 places of our target area. Please pray that God will strengthen us as we minister in the other 5 places in Ambattur and that we'll be able to reach out to maximum number of people possible before the team leaves. Thank you for upholding us in your prayers.

Street preaching/Evangelism

As you are all aware of, we are working towards reaching out to 7 places in Ambattur as we are praying for its salvation. Last week, we stepped into 2 new places called Surapet and Shanmugapuram. We preached the gospel in the public and quite a few people came forward for prayer. We also did a lot of one-on-one evangelism, counseling to people who were not

willing to come forward as they were afraid that they would be converted to Christianity. So we made sure that our goal was not to convert people from their religions but to tell them who Jesus was and what he had done for them. It was so nice to see that the people's eyes were opened as

they realized what the TRUTH was. Many people were so amazed at knowing what Jesus had done for them and they were so happy for that.

Hospital visit

We praise God for giving us a wonderful opportunity to visit a hospital and pray for sick people. I was requested by one of our family friends to visit a hospital where a little girl named Jeniffer was hospitalized as she had a by-pass surgery. Her case was so critical that before the surgery, the doctors told their parents they could not guarantee for a positive result. So the family asked us to pray for the girl and they were afraid of the surgery but we prayed for her and encouraged the parents to take her for surgery. The next day, we were so happy to hear the success of the surgery and since the girl was still feeling pain in the operated parts, we had to go to the hospital and pray for her. During that time, we were able to meet few patients and pray for them. That was really a great time of ministry among the sick. Please continue

to pray for Jeniffer's health and that she would return to school soon.

Youth Seminar

We came up with an idea of doing a 2 days Seminar to make use of holidays at the church, for the youth group. The team from England arranged everything for the seminar and did a great job of making all the youth involved in some fantastic activities. Morning sessions were full of teaching on topics such as

- *Hearing the voice of God*
- *Attitude*
- *Plan/Desire of God*
- *Prayer Station*

It was a very new experience to the youth boys and girls as it was the very first time that they had been in a seminar and doing a workshop at the church.

Prayer Points

- *Musicians:*

Pray that the Lord will bring good musicians into the church/raise musicians from the church to assist in praise & worship and in songs.

- *New place for gym*

We are looking for a good place to set up our gym through which we reach out to young boys in the community. Finding a place and running it has been a challenge to us in the past year. Pray that this ministry would persist and help to reach out to the youth.

- *Toilet*

We are praying about constructing a toilet for our Arani Church which will help the girls and women who come to church during special meetings as they have to stay for longer time in the church. Lacking toilet facility keeps women in attending special prayer meetings.

- *A vehicle:*

Pray that the Lord will provide a big vehicle that could be used to transport people and goods for ministry. Transportation has been a worry to people and it sometimes stops people from going to church as they have to walk a long distance to reach the church. Hiring vehicles at the time of need is very expensive as we do that very often during ministry in different places.
